

RESOLUTION 2025-12
A RESOLUTION SUPPORTING RETENTION OF CITY ZONING AUTHORITY

WHEREAS, decisions about local zoning and land use that best fit community needs are best left to city residents and officials;

WHEREAS, cities use zoning and land use regulations to balance property usage, plan for community growth, dedicate space and capacity for public infrastructure to support development (roads, parks and trails, transportation, sewer, stormwater, water, etc.), mitigate flooding and erosion, and preserve natural resources among others;

WHEREAS, the Minnesota State Legislature, in an attempt to address housing availability and affordability challenges, is considering measures that would preempt city authority to regulate land use and zoning and assign that authority to state government;

WHEREAS, passage of those measures would inadequately address housing availability and affordability challenges;

WHEREAS, a rigid framework for land use and zoning mandated by the state makes little sense and cities require flexibility to address their own unique circumstances;

WHEREAS, provisions of the proposed state measures would place the fiscal burden for infrastructure cost of new residential development on the shoulders of existing homeowners and renters in our local communities;

WHEREAS, building multiple housing units on a single residential lot with inadequate spacing, as allowed in the proposed zoning preemption measures, could result in service delivery problems like limiting emergency medical services and fire departments' access to city neighborhoods;

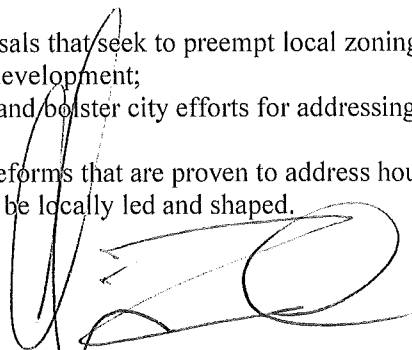

WHEREAS, provisions would also silence local residents from their concerns regarding proposed developments during public comment periods of city council and other public meetings;

AND, WHEREAS, cities across the state have already put in years of work to address zoning issues, and continue to do so, with the help of community engagement.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CREDIT RIVER, MINNESOTA AS FOLLOWS:

1. The City of Credit River opposes state legislative proposals that seek to preempt local zoning and land use decision-making when it comes to residential development;
2. Supports constructive policy alternatives to incentivize and bolster city efforts for addressing housing challenges;
3. And, advocates for a city-state partnership to consider reforms that are proven to address housing availability and affordability and that ensure efforts can be locally led and shaped.

ADOPTED by the City Council this 17th day of 2025

Mayor, Chris Kostik

Attest: City Clerk
