

CREDIT RIVER TOWNSHIP
SCOTT COUNTY, MINNESOTA
RESOLUTION NO. 2021-01

**A RESOLUTION TO APPLY TO PARTICIPATE IN THE NATIONAL FLOOD
INSURANCE PROGRAM**

WHEREAS, certain areas of the Credit River Township are subject to periodic flooding or flood-related erosion, causing serious damages to properties within these areas; and

WHEREAS, relief is available in the form of federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968; and

WHEREAS, it is the intent of the Credit River Township Board to require the recognition and evaluation of flood or flood-related erosion hazards in all official actions relating to land use in areas having these hazards; and

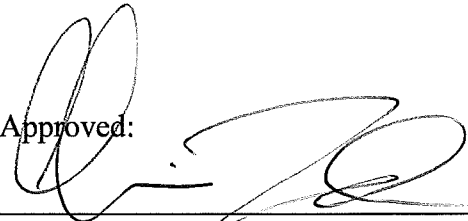

WHEREAS, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to Minnesota Statutes Chapters 103F and 462,

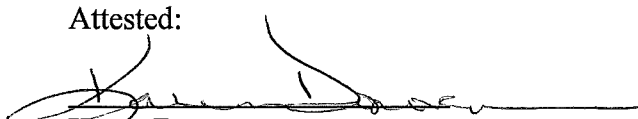

NOW, THEREFORE, BE IT RESOLVED, that the Board of Supervisors of Credit River Township hereby:

1. Assures the Federal Emergency Management Agency that it will enact as necessary in those areas having flood or flood-related erosion hazards, adequate land use and control measures with effective enforcement provisions, including:
 - a. Require permits for all proposed construction or other development in the community so that it may determine whether such construction or other development is proposed with the floodplain.
 - b. Review proposed development to assure that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law.
 - c. Review and maintain all permit applications to determine whether proposed building sites will be reasonably safe from flooding.
 - d. Review and maintain all permit applications to ensure that any development activities are consistent with criteria set forth in Section 60.3 of the National Flood Insurance Program Regulations.
2. Vests the Town Planner with the responsibility, authority, and means to:

- a. Assist the FEMA Administrator, at his request, in his delineation of the limits of the area having special flood or flood-related erosion hazards.
 - b. Provide such information as the FEMA Administrator may request concerning present uses and occupancy of the floodplain or flood-related erosion areas.
 - c. Cooperate with federal, state and local agencies and private firms which undertake to study, survey, map and identify floodplain or flood-related erosion areas, and cooperate with neighboring communities with respect to management of adjoining floodplain and/or flood-related erosion areas in order to prevent aggravation or existing hazards.
 - d. Submit on the anniversary date of the community's initial eligibility an annual report to the FEMA Administrator on the progress made during the past year within the community in the development and implementation of floodplain management measures.
 - e. Upon occurrence, notify the FEMA Administrator, in writing, whenever the boundaries of the community have been modified by annexation or the community has otherwise assumed or no longer has authority to adopt and enforce floodplain management regulations for a particular area. In order that all Flood Hazard Boundary Rate Maps accurately represent the community's boundaries, include within such notification a copy of a map of the community suitable for reproduction, clearly delineating the new corporate limits or new area for which the community has assumed or relinquished floodplain management regulatory authority.
 - f. Ensure that the community's Flood Insurance Rate Maps are maintained and kept current by providing the Federal Emergency Management Agency with any new or updated flood risk data or any modified data reflecting natural or man-made changes to the floodplain.
3. Appoints the Town Clerk to maintain for public inspection and to furnish upon request, for the determination of applicable flood insurance risk premium rates within all areas having special flood hazards identified on a Flood Hazard Boundary Map or Flood Insurance Rate Map, any certificates of flood-proofing, and information on the elevation (in relation to mean sea level) of the level of the lowest floor (including basement) of all new or substantially improved structures, and include whether or not such structures contain a basement, and if the structure has been flood proofed the elevation (in relation to mean sea level) to which the structure was floodproofed;
 4. Agrees to take such other official action as may be reasonably necessary to carry out the objectives of the program.

Adopted and approved by the Board of Supervisors of Credit River Township on the 19th day of January, 2020.

Approved: 
Chris Kostik
Chairman

Attested: 
Karen Donovan
Town Clerk
